## APPLICATION DETAIL

Tell us briefly what work you are currently undertaking, or proposing, to support people in your area who are impacted by loneliness and isolation. How many do you think will be impacted by this project?

We are currently catering for 8 lonely people who emanate from a variety of backgrounds, including a rehabilitating criminal, a couple of divorcees and some widowers. There are increasing numbers of unemployed and aged people in the area who need a daily opportunity to engage in meaningful activities of a collective nature. This group of people also includes several veterans seeking friendship and practical activities. The group is currently engaged in a series of operational and strategic activities relating to Wales in Bloom and opportunities for leisure and tourism.

How is this grant going to create, maintain or increase these activities?

Initially this grant will provide a warm and secure meeting place for the above group and through the establishment of creative activities it will enhance a heightened sense of well-being. Mutual co-operation will enhance teamwork and co-operative endeavours. Risk assessments will be undertaken and there will be training in horticulture, gardening and food sustainability. The overriding benefit will be the sense of camaraderie, community cohesion and sense of achievement.

Who is the main focus of your activity (i.e., older people, families in need, carers)?

All people in need of inclusion in the community

Do you have necessary insurances in place to ensure the safety of your volunteers? Please give brief details of your insurance cover.

Yes - full public indemnity insurance
