Chair's Message

As I approach the end of my second year as Chair, I am proud to reflect on the many successes we have achieved as a council this year, and the promising progress still ahead.

We've hosted many successful events this year which I look forward to growing again, such as the Viaduct Run and Party in the Park.

Our committees have worked hard to improve on existing projects like Town in Bloom, and implementing new ones like our collaboration with Bridges Car Scheme.

The successful delivery of our projects would not have been possible without the dedication and support of our staff. The involvement of our Deputy Clerks has significantly improved the organisation and execution of our initiatives, and has helped the Council operate more efficiently than ever before.

I would also like to extend my sincere thanks to Councillor Steve Bard and the Finance Committee

for their dedication over the past two years. Their work has been instrumental in ensuring that our financial practices are transparent and robust.

A personal ambition of mine upon joining the Council was to establish youth representation, and I am delighted that this has now been realised. We are not only involved with the Abertillery Learning Community Pupil Senedd, but have also welcomed two Youth Representatives onto the Council. I hope they find the experience both rewarding and enjoyable

I sincerely hope that the Council continues on its current path - open, transparent, and effective.

Thank you for another great year as Chair, and I hope you enjoy this report which details some of our work this year.

Tracey Dyson
Chair of Council
2024-2025

About Us

Abertillery & Llanhilleth Community Council (ALCC) is comprised of 19 members across 5 wards; Abertillery, Cwmtillery, Aberbeeg, Six Bells and Llanhilleth. These members represent their constituents and make decisions on a range of services and activities to support the local community.

The Council uses a Committee system to delegate responsibilities for certain projects and has an annual budget of over £400,000. Full Council meetings are typically held on the last Wednesday each month. Meetings take place in the Council Offices on Mitre Street, Abertillery, and remotely via Zoom.

Community and Town Councils are the grassroots level of local governance in Wales, and there are over 730 of them working to improve the quality of life and environment for citizens in their area.

The other tier of local government in Wales are the Unitary Authorities; for ALCC this is Blaenau Gwent County Borough Council. These authorities have a legal duty to provide services over a wider geographical area, including social services, education, planning & more.

Youth Representatives

The Local Government (Wales) Measure 2011 (Part 7, Chapter 4) allows Community Councils to appoint two Community Youth Representatives aged between 15-26. These representatives should be able to represent those who are under 26 and live, work or receive education in the area. These Representatives are unable to vote, but can participate in meetings and projects.

ALCC gave public notice of its intention to appoint Youth Representatives in September 2024, and received a number of applications for these positions.

On October 30th 2024, ALCC appointed Jackson Powell and Sophie Townsend as its first two Youth Representatives.

These Youth Reps have been given the same training opportunities that Councillors receive, and have completed or are due to complete a number of these courses. They were also assigned their own Council email addresses to receive notices and summons.

They attend Council meetings, representing young people in the area during discussions and bringing relevant issues to the Council's attention. For example, in January, Jackson Powell presented a motion to Council to discuss the issue of parking and pedestrian safety in Abertillery. The PlaCE Committee has since made several suggestions to Blaenau Gwent County Borough Council regarding these issues.

Summer Cinema

Our Summer Cinema programme offers free showings of films throughout the six-week Summer holiday. This year, we held four showings a week at The Met in Abertillery.

Budget:

The showings include a relaxed screening which is quieter and lighter, a screening supervised by Blaenau Gwent Youth Service and a screening supervised by Off The Streets. We also fund a coach for Off The Streets which stops in Swffryd and Llanhilleth.

To increase engagement this year, we reached out to the Abertillery Learning Community pupil Senedd and invited pupils from the school to vote on film choices.

Over 500 people attended the programme this year. We aim to increase this number next year with more advertising and involvement with local schools, as well as reaching out to local groups that could benefit from the relaxed sessions.

Concerts

We host two annual community concerts - a Christmas carol concert and a St. David's Day concert. This year, we held these in St. Michael's Church, Abertillery. These concerts feature local choirs, schools, soloists and the Abertillery Town Brass Band.

We also provided £2,000 of funding to Abertillery Blaenau Gwent RFC towards insurance & security for Aber Rocks, and bought selection boxes for our young performers at the Christmas concert.

Transport, Roads & Parking

In August 2024, we conducted a public consultation via social media and our website regarding which roads local residents felt should remain at, or revert from, 20mph. We used this data to make representations to Blaenau Gwent County Borough Council.

In November, we attended a Policy Forum for Wales relating to the future of transport in Wales to learn about developments relevant to our area.

In March 2025, we made a number of recommendations to Blaenau Gwent County Borough Council with the goal of improving roads & parking in our area.

Energy Learning Network

In September 2024, we were accepted into an Energy Learning network for Town & Community Councils across the UK to learn more about community energy and receive support in establishing energy projects.

Community Empowerment Committee

Youth Engagement

Blaenau Gwent Youth Service

Between September 2023 - September 2024 this service engaged with 1,125 young people. The teams are out in the area three evenings a week, as well as running workshops like wreath-making and cooking classes.

They also host informative sessions like Drug Education, Alcohol Awareness and Anti-Bullying.

We also provided £5,000 of funding for Off The Streets to host a Llanhilleth Summer Fete, which featured inflatables, local stallholders, live music and other entertainment for the community.

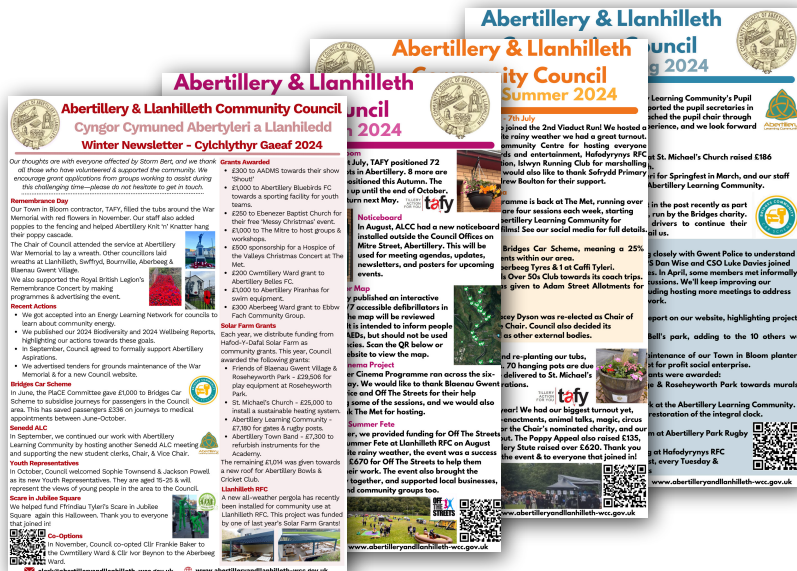

Newsletters

Last year, we produced our first newsletter. These are now published quarterly on our website, Facebook, Instagram, and in shops & noticeboards throughout the area.

These newsletters help increase awareness of our work and encourage community participation.

The fifth edition of our newsletter introduced a more readable format, as well as adding the Welsh language Council name and newsletter edition in the header.

Website

In October 2024, we published an invite to tender for the design & build of a new Council website. This will replace our current website and make it more accessible and easy to use.

In December, we agreed on four applicants to receive more in-depth presentations from. This process took place throughout January-February. Following these presentations, we agreed to enter into a contract with Her Web Solutions.

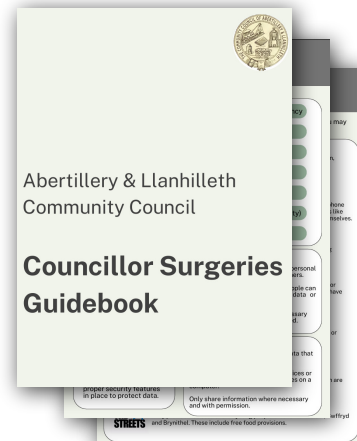

They are a Cardiff based company, specialising in accessible, sustainable, secure, and user-focused websites tailored for local councils, NHS organisations, and public sector institutions.

Councillor Surgeries

In September 2024, we began investigating the possibility of running Councillor Surgeries in the area. These would allow local residents to raise concerns, ask questions and find out more about what we do.

In October, we agreed to trial this by joining existing surgeries hosted by Blaenau Gwent County Borough Council Councillors. In December, we agreed a policy for these surgeries, and implemented a guidebook for Councillors. We hope to host our first Councillor Surgery in the next financial year.
